- Learn standard approach to nurture builds, expand our automation capabilities
- Establish measurement and reporting methods for nurture programs
- Look for process optimization at every opportunity and propose to team
- Troubleshoot system issues as they arise; develop proposals for fixes; execute
- Document new process, system changes, standards and educate organization
- Assist with special projects and other duties as assigned

Qualifications

- 3-5 years' experience in digital B2B marketing; 1-2 years in email B2B marketing
- Marketing automation experience with Marketo strongly preferred
- Stellar communication skills, able to work with tech, creative, and marketing staff
- Quick learner with the demonstrated ability to prioritize and meet deadlines
- Outstanding attention to detail
- Exceptional writing, editing, proofreading skills
- Knowledge of Photoshop for basic image editing a plus
- HTML 5 skills & CSS desirable
- Direct response copywriting skills a bonus
- BA/BS in English, Writing, Communications, Marketing or related field preferred
- Excellent English language skills, Greek and additional languages are a plus.
- Comfortable with ambiguity, risk, trying new things, experimentation
- Strong service mentality to support business partners
