

SENIOR & JUNIOR SOFTWARE ENGINEERS

Finvent is the exclusive and sole distributor of leading SS&C Advent Software products & services provider since 2001, in over 15 countries in Europe and Africa. Via our deep understanding of both the buy-side investment sector and the Advent Software suite, we also develop and distribute our own award-winning solutions. Our core focus is aimed exclusively on organizations such as wealth managers, private banks, asset managers, family office and funds of various types including pension and hedge funds.

Due to our growth in several regions, we currently seek several highly motivated, experienced and knowledgeable **Senior & Junior Software Engineers**, for our Group of companies. The engineers will be based in Athens.

Responsibilities

- Write complex T-SQL code for data manipulation and reporting
- Develop reports through Reporting Services (SSRS) with data sources from relational databases.
- Implement high-quality, flexible and maintainable code, to support our growing client base.
- Works collaboratively with Business Analysis, Quality Assurance Engineers, Management and other Software Engineers

Qualifications

- Database development using T-SQL and SSRS
- C#
- Angular will be considered as an asset
- Rest API's will be considered as an asset
- Cloud Application Development Principles will be considered as an asset
- Very good English language skills. Greek and additional languages will be considered as an asset
- A related University Degree is required; Master is preferred

Benefits

- Competitive compensation package and benefits
- A private medical and health plan for employees and their families
- Immediate Product Certification upon hiring
- Progressive and continuous training opportunities
- Work for a high impact global-standards company
- Become part of a mission-driven team which constantly learns and improves
- Be part of a socially responsible entity and with a group of like-minded people

If you've got what it takes to be a great Software Engineer and want to work on a hardworking, success-oriented and fun team, then apply today!
